

Danny Boy

The years go by but I still cry.
Time has it ways,
Changes that heal, but I still sigh.
I long for his touch, smile, and song.
I feel him in the absence,
In the pain and peace
Life's changing moments bring.
I feel him in the wonder of presence,
Transcending the absence.
I feel him in the mystery
Of life's hidden ways.
Music in our ongoing bond.
Old favorites and new songs
Bring his gifts to life,
Lifting our spirits.

“Danny Boy” is the title of a song
Our ears hear and hearts sing.
Danny Boy calls us to live
The magic of each new day.
